About ChaosMagic

ChaosMagic is not a human person. Ze lives in Decima's head, except for when it's zir body, in which case ze lives in the void, which is on eastern standard time. Ze became aware of glowfic in December of 2016 and began writing on April 1, 2017.

Zir moiety is fuchsia, and zir characters are often called fuchsias.

Zir standard pronouns are ze/ zir/ zem (Ze went to zir house to get something for zirself, and it had it for zem). Ze also accepts they/ their/ them pronouns or any other gender neutral set, though.

Ze is commonly called 'Chaos' for short.
