About Ares (Template)

Ares

Personality

Ares is almost always a god of war whose favorite pastime is causing problems on purpose. He's usually more in the model of folklore Satan than of greater gods with greater concerns - he'll happily meddle in the affairs of random farmers if he gets bored. Still, he'll also direct and aid massive armies in conquest. He likes it when places are at war, though he usually represents smaller scale tactics over grand strategy.

Origin

Ares began with the Ares from Xena: Warrior Princess, and is in his mold.

Name Attractors

His names usually sound like Ares, often with the letters 'Ar' (preferably at the front).
