

Shizuru and Tsukiyo

Paizo has Shizuru being devastated by the death of Tsukiyo and also Tsukiyo having come back and being completely fine. We have Tsukiyo dying and staying dead, and Shizuru having effectively had much of Her higher level functioning irreparably damaged thereby; She still picks clerics, but She's effectively a bunch of shards of attention reporting upwards to a central entity that can no longer make any decisions or take actions in response.
