About eusocia

eusocia (marr) is a glowfic author. (It can be described with any pronouns or gendered terms; "it" and "girl" are preferred. "marr" can be capitalized or lowercase but lowercase is recommended to avoid confusion with Marri!) it lives in the ozark mountains and first discovered glowfic some great number of years ago - but first started threading in 2022. it does not have a moiety yet!

eusocia is bad at content warnings and should not be relied upon to do so comprehensively.
