Table of Contents

This compendium includes:

- Clover's newbie-friendly reading list
  - Contains a quick explanation of "what the heck is glowfic" and a reading list written to be accessible to people with no prior experience with glowfic.

Reading lists elsewhere on the wiki:

- fulmination reading orders
  - Contains thread links, summaries, warnings, and assorted meta data, plus reading order, for the Fulmination continuity between ChaosMagic, Decima, and Diaeresis.
  - fulmination recs
    - WIP, which goes more into what 'moods' the different threads fill than the reading orders. Will eventually include non-Fulmination threads about the major characters in fulmination.
  - lightning peal index
    - Reading order specifically for the complicated mess that is the lightning peal (*mixed with the lightning of slaughter* and its related threads)

Meta note: When adding chapters to the compendium, please include your name in the chapter title (e.g., "[Username]'s guide"). Ideally, also include in the Table of Contents a brief description of what it contains. Please keep things alphabetical.
