Aianon is a Endarkened Demon nativel from Thilanushinyel, he is one half of that world

History

Aianon was imprisoned by the other Endarkened for two thousand years because he refused to harm others for power. During his imprisonment the unicorn Tialle was bound next to him and they escaped together. Aianon was extremely found of Tialle and he carved possibly thousand statues of her.

What are you doing here?

Aianon met Isibel when she investigated the many Tialle statues around the island. Despite not having languages in common they manage to communicate peacefully and the demon even creates a flora and fauna guide.

Relationship with the Joker Template

Glass pointed out that both Aianon and Ansharil are theirs world Joker, because the template couldn't decide which species should "land". Aianon seems to incorporate most of the Joker's traits personally.
