Berete is the Hilary from the Tayane universe.

Background

Berete is the child of cooks from the city near the Viore estate.[1] When she was around sixteen, she became the cook and housekeeper for the Duke of Viore.[2] She helps him pick out Ayabel as a birthday present for Aelare, although she knew Aelare would not react to owning a pretty female slave the way his father intended him to.[3] Aelare believes Berete has guessed that his father beats him, but not how bad it is.[4]
