This article is about the Jenny native to Lumos. For other characters going by Jenny, see Jenny.

Jenny is the Jenny from the Lumos universe.

Genevieve is a Muggleborn Witch and metamorphmagus, as usual for the Jenny template she has many siblings.

Entering The Wizarding World and Hogwarts

Genevieve joined Hogwarts when she was eleven, during the sorting she was offered Gryffindor and Hufflepuff and she picked Hufflepuff where she joined Emma.

As a muggleborn she often struggles with the fine details of wixen culture, like using the term "muggle" instead of "muggleborn" to refer to herself, she also has a huge enthusiasm towards unicorns.

While searching for unicorns, Jenny found the darkest of creatures the dementor. The girl was terrified but she managed to use her powers to morph away her mouth to avoid the dread dementor kiss.
