Mira is the [Bell](#) from the [Quartet](#) universe.

History

Background

Mira is the daughter of Rinay and Chals Swan. When she was five, Rinay died and Mira inherited her [fairy](#). Chals has recently remarried a woman named [Kelsey](#) after being brainwashed by Kelsey's fairy, but Mira's fairy protected her from experiencing the same fate.^[1]

Move to the Palace

Horried by Kelsey's actions, Mira asks her fairy for help, but the fairy refuses on the grounds that it would be "breaking *rules*".^[1] She instead uses her magic to send Mira to the ball, where Mira asks [Prince Adanir](#) for help.^[2] He agrees to help her and offers to let her stay in the palace rather than return to her brainwashed father and evil stepmother.^[3] Mira readily accepts and is placed in a wing with the prince's friend [Nadi](#).^[4] Had [Incandescence](#) continued, she and Adanir would have dealt with Kelsey, begun a relationship and joined the [Plague of Utopias](#).^[5]
