History

Background

Savannah and her twin brother Darren are the adopted children of Vernon Sanders. Their birth mother is locked in an asylum and their birth father is long gone.[2][3] Halfway through the twins' sophomore year of high school the Sanders moved to Forks, Washington.[4]

Forks

A year after their arrival, Bella Swan transfers to their school and Darren and Savannah quickly befriend her. When Bella first turns into a sphinx, Darren senses her change and he and Savannah track her down and explain to her about critters.[5]
