Stormberry is a fairy from the kingdom of Raxwell in the Chronicle universe. She has hair as black as ink, wings made of spider-silk, and a crown of raven feathers. Duke Ainar and Duchess Celyta invite her to the naming of their firstborn child, but she does not receive the invitation. She arrives intending to curse the princess for the slight, but discovers the child is a boy; frustrated and feeling tricked, she curses Prince Milo with the fragility of glass.
