Zevros is the [Zevi](#) from the [Hex](#) universe.

History

Background

Zevros was the older of the twin boys born to Queen [Alinaret Cartalian](#) of [Marlatia](#). Because Alinaret's husband was sterile, he and his brother [Edarial](#) were fathered by [Lord Nataliem Oteliar](#), though they did not discover his identity until adulthood.^[1] They were raised mostly by tutors, as their parents paid them little attention.^[2] Unwilling to become a [spellbinder](#) like his brother because he and his spirit turtle didn't get along, an eight year old Zevros learned sword fighting instead.^[3] Not long after becoming an adult, his mother was poisoned and died, leaving the throne unoccupied.^[4]

Iobel

Upon the queen's death, Zevros was pressured to marry and ascend the throne but Edarial, knowing Zevros to be gay and fearing for the stability of the country without a Cartalian to rule, reluctantly volunteered for an arranged marriage instead.^[5] Zevros resoundingly disapproved, but was unable to talk Edarial out of marrying [Iobel Swan](#).^[6] When it was revealed that [Nataliem Oteliar](#) had threatened Iobel into the marriage, Zevros helped her and Edarial arrest him and locate his associates.^{[7][8]} While questioning Nataliem afterwards, Nataliem reveals himself as the twins' father.^[9]
