

Dandelion (template)

Intensely pragmatic, Dandelions are remarkably resistant to a number of social pressures most people take for granted. Dandelions feel love and loyalty only to those who demonstrate themselves worthy of it, regardless of their societal connection to her. Dandelions with abusive or neglectful parents feel no mixed feelings about parting ways with them as soon as possible, and Dandelions whose societies do poorly by them barely pause to shake the dust off their feet before going native hard when they find one that doesn't.

Wanda Prince

Setting: Young Justice. Circumstance alt of Superboy except with Wonder Woman instead of Superman.

Rhonda Wallace

Dandelion instance from MohD; possesses the titular Domain power. World's most benevolent crime boss.

Zururi (bullshit-rainbow-diamond)

(related or characteristic quote)

[Zururi](#) is a glowfic character in the [Dandelion](#) template written by [MaggieoftheOwls](#). Zururi is an artificial person created at the Well of Souls with an absurd number of Gem powers crammed into the glowing rock embedded in her sternum.

Zururi is slightly more blase and less cynical than some other of her instances on account of having been deliberately created as an adult by a basically reasonable person instead of growing up dealing with bullshit.
