  - Wei Ying has a much healthier and happier relationship with Jiang Cheng when she isn't constantly being held over his head as a Male Cultivator Power Threat
- **Jiang Yanli** (Sister)
  - Their relationship is mostly similar to that of in canon, but with less of Jiang Yanli mediating disputes between her and Jiang Cheng.

Wen Ying (crouching-bunny-hidden-goose)

Nickname(s)	Wen-er guniang, Ying-jie, Sect Leader Wen
Setting	gay ancient magic china
Facecast	Kim Sori

Wen Ying is an instance of MaggieoftheOwl's Wei Ying template.

After Cangse-sanren and Wei Changze died defending Dafan village from the soul-eating goddess, their daughter was adopted as Wen Qing and Wen Ning's middle sibling. Conveniently, all of their names rhyme. Wen Ying is just as devoted to her adopted siblings as Wei Yings generally are to the standard Jiang set. She's still a Wei Ying, though, and devoted enough to justice to observe that Wen Ruohan Must Go.

Relationships

- **Lan Zhan** (Wife)
  - Lan Zhan (ten-miles-of-spring)
    - Lan Zhan is having a *much* better time being a Sect Leader's wife than her mother ever did.
- **Wen Qing** (Older Sister)
  - Has actually managed to bully Wen Ying into something which serves the basic function of a self-preservation instinct.
- **Wen Ning** (Younger Brother)
  - Precious cinnamon roll didi.
- **Wen Chao** (Worst Distant Cousin Ever)
- **Wen Xu** (Second-Worst Distant Cousin Ever)
- **Xue Yang** (Antagonistic Quasi-Coworker)

    - Wen Ruohan made them work together sometimes.
    - He likes fucking with her, she would like him to just die please
- **Mianmian** (Close platonic friend)
- **Jiang Yanli** (Close platonic friend)
    - Not Wen Ying's shijie, but Wen Ying still quickly learned to appreciate her and her soup.
- **Granny Wen** (Grandmother)
    - Wen Ying doesn't particularly consider her siblings' dead parents to be her own, having never met them, but she and Granny Wen have adopted each other wholeheartedly.

Appearances

talk less, smile more - Cloud Recesses reacts very differently to someone who shows up with the Wen party than with the Jiang party. And then things escalate. [Wiki]

Trivia

Due to having grown up in Qishan instead of Yunmeng, Wen Ying has the lowest spice tolerance currently on record for a Wei Ying. This does not mean her spice preferences are safe for ordinary human beings.
