Zururi (bullshit-rainbow-diamond)

(related or characteristic quote)

Zururi is a glowfic character in the Dandelion template written by MaggieoftheOwls. Zururi is an artificial person created at the Well of Souls with an absurd number of Gem powers crammed into the glowing rock embedded in her sternum.

Zururi is slightly more blase and less cynical than some other of her instances on account of having been deliberately created as an adult by a basically reasonable person instead of growing up dealing with bullshit.
