Plot

[This will contain spoilers]

In a Daémon Fleet ship in interstellar space, Verity, Alizara, and Azure happen upon an illegal secret lab, where Kerul has captured Iarlaith. They fight, and in so doing activate a device which sends all five of them (plus their daémons) to another dimension. They land in a lake just outside of Lotus Pier. Kerul escapes in an unknown direction, and the others are taken in as guests while Jiang Cheng tries to find out why Iarlaith and Nie Huaisang look and act nearly exactly alike.

Trivia

- Thread title comes from the song Paralyzed, by Aviators
