Sasha

Overview

Traumatized gay artist; has strong opinions about many things even when he's scared to say what they are. Has the magic superpower of making people talk about their feelings. Threw away his sense of morality in favor of self-preservation and never once looked back.

Sashas are always gay men; sometimes they are also straight trans women.

Metadata

Name attractors: lots of S's and A's. Tends towards feminine-sounding names. (Trans female instances chose their own names and are exempt from this pattern.)

Trying very hard to be Lawful Good; happiest and most himself at Neutral Good. Contains enough denial and internalized homophobia to kill an elephant. Tends towards sunlight imagery.

Mordred

Overview

With deeply held ethical principles, an antiauthoritarian streak a mile wide, a strong desire to fight the world, and the ambition to kill God, Mordred desperately *wants* to be a classic glowfic protagonist, like Bells or Leareths. However, he is in *fact* a crazy teenager or twenty-something with trauma up to his eyebrows, and it turns out that saving the world is really hard actually.

Metadata

Name attractors: I'll get back to you when there's a single instance with an altname.

Origin: Mordred from Arthurian literature, as written by sphinx.

Instances

Medieval

As seen in: [*that i should rise and you should not*](#)

- Born the bastard son of King Arthur and his half-sister Morgause; prophecied to destroy Camelot. His father tried and failed to have him drowned as a baby; he was raised in his mother's court, fully aware of his destiny and terrified of it.
- He has convinced himself that he believes in free will, and that he's destroying Camelot not because he feels he has to but because he's chosen to for entirely unrelated reasons. This is, to put it lightly, not the case.

Modern

As seen in: [*and i am this great unstable mass of blood and foam*](#); [*the goth kids hold the line*](#)

- Constellation screenname: blood-and-foam
- Antipsychiatry; antitheist; has strong opinions about youth rights. Is trying very hard to care more about the things he feels like he should care more about. Is not... really succeeding.

Call of Cthulhu

As seen in: [*Eternal Lies*](#)

- Constellation screenname: in-places-deep
- A deep one hybrid. Grew up in an old-money family in a small town near Innsmouth; moved to New York City to become a journalist and never looked back. Does not know that he isn't human.

- Grew up a fertile trans man in Gilead; when he was fifteen ran away to Cascadia instead of becoming a handmaid and immediately started doing sex work to save up for a hysterectomy.
- Has accepted the truth claims of Gileadite Christianity but not the moral claims; believes that it is patently obvious that God exists and created the world and wants what Gileadites say He wants, but also thinks that He is evil.

Revolutionary Girl Utena

Unthreaded

- Is fighting for the power to bring the world revolution so she can destroy the concept of gender. Has not even a *little* bit realized that by participating in the duels, she's enforcing patriarchal norms though institutionally normalized violence.
